NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GAIN ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

The Health Insurance Portability & Accountability Act of 1996 ("HIPPA") is a federal program that requires that all medical records and other individually identifiable health information used or disclosed by us in any form, whether electronically, or paper, or orally, are kept confidential. This Act gives you, the patient, significant new rights to understand and control how your health information is used. HIPPA provides penalties for covered entities that misuse personal health information.

As required by HIPPA, we have prepared this explanation of how we are required to maintain the privacy of your health information and how we may use and disclose your health information.

We may use and disclose your medical records only for each of the following purposes: treatment, payment, and health care operations.

- **Treatment** means providing, coordinating, or managing health care and related services by one or more health care providers. An example of this would include teeth cleaning services.
- **Payment** means such activities as obtaining reimbursement for services, confirming coverage, billing, or collection activities, and utilization review. An example of this would be sending a bill for your visit to your insurance company for payment.
- **Health care operations** include the business aspects of running our practice, such as conducting quality assessment and improvement activities, auditing functions, cost-management analysis, and customer service. An example would be an internal assessment review.

We may also create and distribute de-identified health information by removing all references to individually identifiable information.

We may contact you to provide appointment reminders of information about treatment alternatives or other health-related benefits and services that may be of interest to you.

Any other uses and disclosures will be made only with your written authorization. You may revoke such authorization in writing and we are required to honor and abide by that written request, except to the extent that we have already taken action relying on your authorization.

You have the following rights with respect to your protected health information, which you can exercise by presenting a written request to the Privacy Officer.

- The right to request restrictions on certain uses and disclosures of protected health information, including those related to disclosures to family members, other relatives, close personal friends, or any other person identified by you.
